Department of Stamps & Registration

Government of Karnataka

AUDIT Module

Prepared by

Centre for Smart Governance (CSG)

2nd Floor, TMC Yeshwanthapura, BMTC Bus station

Bangalore - 560022

AUDIT Module

1. Brief Description:

Audit is carried over to check revenue generated, allocation and utilisation of funds, expenditure etc.,

Accountant General - Communication of the department with Accountant General (AG) Department is a statutory requirement. AG sends audit report and Para to the department for its response.

Auditor General – Auditor general office conducts annual audit inspection in the SRO.

Local audit Report is submitted after audit. Some discrepancies, if any, are put up to SR and DR for their clarification. The query and response through conventional mode often consumes so much time that the very purpose of audit gets delayed. Separate login for audit is to be created in KAVERI reports portal for the same.

Types of Audits:

Internal Audit and External Audit

Internal Audit – Carried by DR, IGR, Regional Committee, HQA, Deputy Commissioner

Inspection will be carried out as below:

DR – 50% inspection

HQA – 100% inspection

IGR – One office in each district

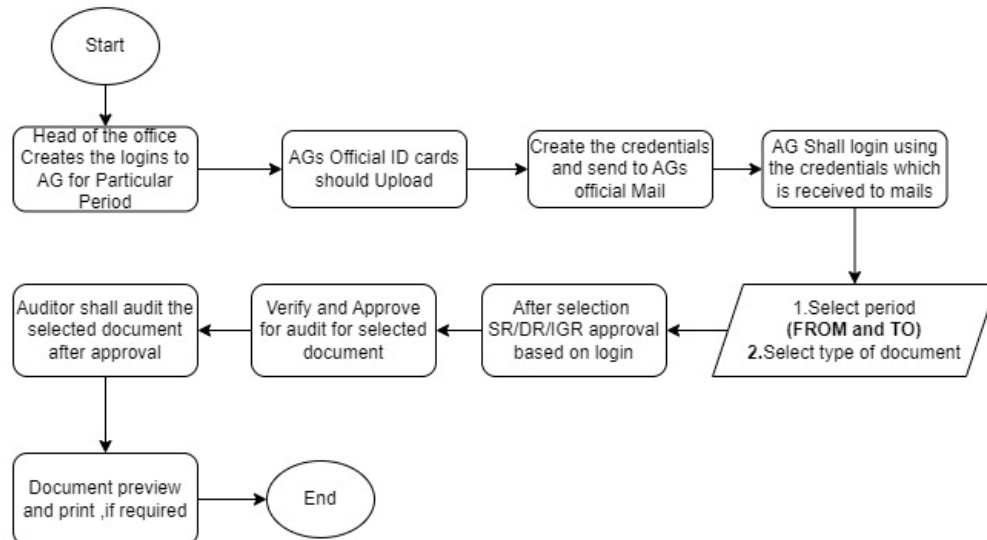

External Audit is conducted by Auditor general office

A module is required where in AG team can automatically fetch the necessary details through application instead of manual consolidation of query reply by concerned SR, DR.

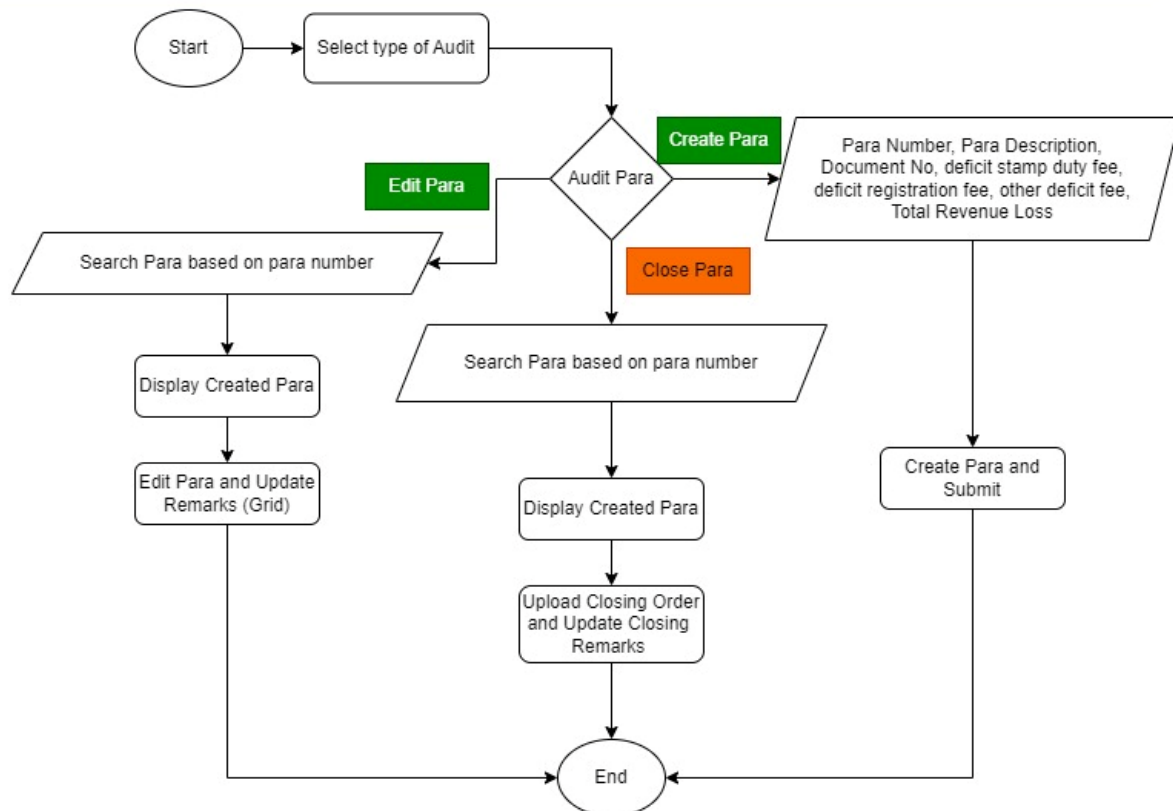

2. Process Flow:

Below is the process flow for Audit Module and Audit Para Module

Audit Module

Audit Para Module

3. Functional Steps

i. Audit Module

Creation of Login

- Login would be created by respective office head like in case audit is done at Sub-registrar office it would be created by SR, in case it is done at District registrar office it would be created by DR and if it's done for Head office (IGRO) then it would be created by respective division head.
- AG official mail id would be one of the mandatory fields to be captured during login creation. Along with this AG office ID card copy would be uploaded.
- Login credentials would be sent through mail to AG office mail id.

AUDIT

Sl No	Date	Application No	Application Type	Status	IGR/DR/SR	Actions
1	10-04-23	Audit123	Auditing	Audit Request	Select	Create Login

Create Login	User Name	Password	AG Official email Id	Upload AG Office ID

User Name: Ashok L
Password: Ashokl@123

Audit Process

- AG logs to KAVERI 2 application through the login credentials received through mail.
- Selects the period for which Audit would be performed and on click of search the documents registered during that period in the mentioned jurisdiction would be displayed.
- In case AG further wants to audit and verify a particular document or few documents among the list, AG will select the documents and submits request for viewing the details of document.
- Once request is initiated by AG concerned office head would receive notification on the view request.
- Office head would verify and approve the AG request for a particular or set of documents.
- On successful approval AG would be able to see the details of the document which they had requested for. A print option of document and document details would be provided. Document details consists of Document Copy, Payment details, Fee calculation etc.,

Communication of the department with Accountant General (AG) Department is a statutory requirement. AG sends audit report and Para to the department for its response from the login created for them

Steps in Audit Para

Audit Para can be divided into 3 steps

1. Create of Audit para
2. Edit Audit para
3. Close Audit para

Create Audit Par can be of below category

1. AG Para
2. PAC Para
3. IRF Para
4. Others Para

Para should be created in below format for specific roles as mentioned above and each para is distinguished by para no.

SL No	Para No	Para Description	Document Number	Deficit Stamp duty	Deficit Registration Fee	Others Deficit Fee	Total Revenue Loss (Sum of all fees)

In case of **Edit Audit Para** a provision to search audit para through Para number should be provisioned. On successful search provision need to be made for remark entry. There can be multiple remark entry against one para.

Para Number

Provision needs to be made for entering Action Taken remarks against each para.

For **Closing para** search provision will be available like Edit Audit Para. Closing remarks would be captured and provision would be made for order upload.

Order that would be uploaded will be in pdf format.
