CORE COMPETENCIES

- ➔ Frontend Development
- ➔ UI/UX Design & Optimization
- ➔ Web Application Performance
- ➔ API Integration
- ➔ Agile Development & DevOps
- ➔ Security & Compliance Standards
- ➔ Cross-Functional Collaboration
- ➔ Software Engineering Best Practices
- ➔ Cloud Technologies & Version Control
- ➔ Scalability & Responsive Design

TECHNICAL SKILLS

- ➔ **Programming Languages:** JavaScript, TypeScript
- ➔ **Frontend Technologies:** React.js, HTML, CSS, Bootstrap
- ➔ **Database Management:** MySQL
- ➔ **Version Control & DevOps:** Git, GitHub, Azure DevOps
- ➔ **Testing & Debugging:** Jest, Cypress, Postman
- ➔ **Development Tools & IDEs:** Visual Studio, VS Code

EDUCATION

- **Bachelor of Engineering (B.E.) in Computer Science & Engineering**
SJC Institute of Technology, Karnataka
June 2017 – August 2021

NOTABLE ACHIEVEMENTS

- ➔ Developed and deployed scalable web applications, leading to a 30% increase in user retention.
- ➔ Insta Award(Sep 2024) – Recognized for contribution to macy’s platform.

PROFILE SUMMARY

- ➔ Over 4 years of experience in the technology sector, specializing in **frontend development and user interface design**, with a strong commitment to delivering high-quality, scalable software solutions.
- ➔ Proficient in **frontend technologies, API integration**, and **user experience design**, while continuously refining skills in **Agile methodologies** and **DevOps practices**.
- ➔ Boosted user engagement by **30%** through the creation of **responsive web applications**, significantly enhancing overall user experience and satisfaction.
- ➔ Expert in **security protocols** and **compliance** standards, developing applications that adhere to **government regulations and industry best practices**.
- ➔ Played a key role in optimizing web application performance, leading to **30% improvement in operational efficiency**, reinforcing a commitment to **continuous enhancement and excellence**.
- ➔ **Deep understanding of modern web technologies and frameworks**, enabling the creation of **scalable, future-ready applications** tailored to business needs.

WORK EXPERIENCE

Senior System Engineer

March 2022 – March 2026

Infosys Limited | Bangalore, India

Key Result Areas:

- ➔ Spearheading the development and maintenance of **responsive web applications**, which has led to a significant increase in user engagement and satisfaction metrics.
- ➔ Enhancing application performance through **rigorous optimization techniques**, resulting in a notable reduction in page load times and improved user experience.
- ➔ Ensuring the implementation of robust **security measures and compliance protocols**, thereby safeguarding sensitive user data and adhering to government regulations.
- ➔ Integrating **RESTful APIs** to facilitate real-time tax calculations and status tracking, streamlining the user experience and operational efficiency.

Project: Macy’s -Ecommerce Platform

- ➔ **Increased page load speed by 35%**, leading to improved SEO rankings and higher customer retention.
- ➔ **Enhanced mobile responsiveness**, resulting in a **25% increase in mobile user engagement**.
- ➔ **Streamlined cart and checkout UI**, contributing to a **20% improvement in checkout conversion rates**.
- ➔ Reduced frontend code redundancy by 30% through reusable component architecture.
- ➔ Improved product filtering/search experience, which led to a **15% increase in user session time**.
- ➔ Contributed to a **40% reduction in frontend bugs post-deployment** by implementing robust unit and integration testing using Jest and Cypress.
- ➔ Actively participated in Agile ceremonies and supported CI/CD workflows with GitHub and Azure DevOps.

- ➔ Designed and integrated modern UI components, elevating application aesthetics and user experience.
- ➔ Led the successful development and launch of a secure online tax filing system for the Income Tax Department.
- ➔ Implemented DevOps best practices, optimizing code deployment efficiency and workflow automation.

PERSONAL DETAILS

Date of Birth: 1st June 1999

Address: Bangalore, KA

Languages Known: English, Kannada, Telugu and Hindi

Key Highlights:

- ➔ Successfully led projects that resulted in a **40% increase in user engagement** by implementing innovative frontend solutions and optimizing existing applications.
- ➔ Achieved a **30% reduction in operational costs** through the integration of efficient API services, streamlining processes and enhancing productivity.
- ➔ Developed a **comprehensive testing strategy** that improved application reliability, resulting in a **40%** decrease in post-deployment issues.

PERSONAL PROJECTS

Portfolio Website

[Live Demo](#)

- ➔ Designed and developed a **personal portfolio website** to highlight projects, skills, and achievements.
- ➔ Utilized **React.js**, **TypeScript**, and **Tailwind CSS** to create a modern, responsive interface.
- ➔ Implemented **React Router**, ensuring smooth navigation across different sections.
- ➔ Integrated a **dynamic contact form** and **real-time content updates**, enhancing user interaction and engagement.
