

SATYABHAMA

Software Developer

+91 8217635060 satyabhamakorke@gmail.com linkedin.com/in/satyabhama-korke

OBJECTIVE

Software Developer with experience in building web applications, developing and integrating APIs, and delivering scalable software solutions using ReactJS, Flask, Python, and MongoDB. Skilled in problem-solving, debugging, and collaborating across teams to build reliable and user-focused applications. Passionate about learning new technologies and contributing to innovative software products.

TECHNICAL SKILLS

- **Frontend Development:** React.js, JavaScript, TypeScript, Redux, HTML, CSS
- **Backend Development:** FastAPI, Flask, Python
- **API Testing & Tools:** REST APIs, Postman, Swagger, JSON, XML, API Integration
- **Web Optimization:** Technical SEO, On-Page Optimization, Website Performance Tuning
- **Database Management:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- **AI-Assisted Development:** Prompt Engineering, LLM Tools, AI Debugging, Workflow Optimization
- **Soft Skills:** Communication, Problem Solving, Analytical Thinking, Adaptability, Quick Learner, Teamwork

EXPERIENCE

Software Developer

Ample Enterprise Technologies Pvt. Ltd., Pune

August 2025 – Present

- Contributed to the development and enhancement of enterprise web applications and product-based platforms using **React.js, JavaScript, HTML, and CSS**.
- Built responsive user interfaces, reusable frontend components, and scalable application features with a focus on performance and user experience.
- Worked extensively on the **iRequirit** platform, contributing to platform modules, frontend integrations, Command Centre features, and application enhancements.
- Developed modern UI systems, animations, responsive layouts, and user-centric workflows across multiple web applications.
- Delivered frontend solutions for **7+ enterprise websites**, ensuring responsive design, maintainable UI architecture, and optimized performance.
- Developed and maintained **200+ ATS-friendly resume and portfolio templates** with reusable design systems, responsive layouts, and scalable frontend implementations.
- Implemented API integrations, dynamic rendering workflows, and real-time frontend functionalities across enterprise applications.
- Contributed to Technical SEO, website optimization, and overall application usability improvements.
- Leveraged AI-assisted development workflows and LLM-powered productivity tools to accelerate debugging, UI engineering, and feature delivery.
- Collaborated within agile teams to deliver scalable and production-ready frontend solutions.

- Developed a full-stack account management system for group savings, handling user contributions, loans, repayments, and transaction tracking.
- Designed and developed RESTful APIs using Flask and implemented business logic for repayment schedules and contribution cycles.
- Implemented JWT-based authentication and Role-Based Access Control (RBAC) for secure user management.
- Designed MongoDB schemas and optimized database queries to improve data management and application performance.
- Built responsive dashboards using ReactJS with API integrations, pagination, filtering, and dynamic data rendering.
- Collaborated in testing, debugging, and resolving application issues to ensure reliable system functionality and seamless user experience.

ACADEMIC PROJECTS

Fire and Smoke Detection for Wildfire (YOLOv5)

- Built an AI-based object detection model using YOLOv5.
- Project published on IEEE platform.

Text Recognition App

- Developed a mobile application using OCR to extract text from images.

Shortest Job Next Scheduling Algorithm

- Simulated CPU scheduling concepts.

Pharmacy Management System

- Built a web application for inventory and sales management.

EDUCATION

BE in Computer Science and Engineering	2020 – 2024
Acharya Institute of Technology, Bengaluru	CGPA: 7.56

PUC – Pre-University Education	2019 – 2020
Vision Girls PU College, Bengaluru	77.16%

SSLC – Secondary Education	2017 – 2018
Sri Basaveshwara EM High School, Basavakalyan	75.52%

LANGUAGES

English, Kannada, Hindi, Marathi, Telugu

CERTIFICATIONS

- IEEE Publication: Fire and Smoke Detection for Wildfire – CSEIJ Journal
