

Rekha U S

System Engineer(QA) – Manual and Automation Testing (Java with Selenium&API)

<mailto:rekharekha69982@gmail.com> || <https://www.linkedin.com/in/rekha-u-s> || +91 8861531951

Professional Overview

Overall **4.5** years of industry experience in the area of Software Testing (Manual and Automation) with a solid understanding of Test Planning, Test Design, Test Execution and Defect Reporting Tracking.

- Strong knowledge of **Software Testing Life Cycle (STLC)** and experience working in **Agile Scrum** methodology with active participation in sprint planning, daily stand-ups, sprint reviews, and retrospectives.
- Expertise in **Test Planning, Test Case Design, Test Execution, Defect Tracking, Test Reporting, and Test Closure** activities.
- Proficient in **UI Automation Testing** using **Java, Selenium WebDriver, TestNG, JUnit, Maven, and Cucumber BDD**.
- Extensive experience in **REST API Functional Testing, API Validation, and API Automation** using **Postman and REST Assured**.
- Strong understanding of **RESTful Web Services, HTTP/HTTPS protocols, JSON, XML, API architecture, client-server communication, and HTTP methods**.
- Experience in validating **HTTP status codes, response payloads, response headers, response time, request parameters, and authentication mechanisms**.
- Experience in designing, developing, and maintaining automation frameworks using the **Page Object Model (POM)**.
- Strong knowledge of **Functional, Smoke, Sanity, Regression, Integration, System, End-to-End (E2E), and User Acceptance Testing (UAT)**.
- Hands-on experience with **BDD** using **SpecFlow** and writing feature files and step definitions.
- Experience using **JIRA, Azure DevOps, Zephyr, Git/GitHub, Jenkins, and CI/CD** pipelines for defect management, version control, and continuous testing.

Technical Proficiency

- **Programming Language:** Java
- **UI Automation:** Selenium WebDriver, TestNG, JUnit, Cucumber BDD, SpecFlow
- **API Testing:** REST Assured, Postman, Swagger, REST API Testing, JSON, HTTP/HTTPS
- **Test Management:** Jira, Zephyr, Azure DevOps, TFS
- **Version Control:** Git, GitHub, Bitbucket, Jenkins
- **Database:** SQL (queries and validation)
- **IDE:** Eclipse, IntelliJ IDEA, Visual Studio

Work Experience

Organization: QUALITEST

Client:Mercedes Benz R&D

Duration: Nov 2024 to Till date

Tools Used : Selenium WebDriver, TestNG, Cucumber BDD, Rest Assured, Postman, GitHub, Azure DevOps (TFS), Jenkins, VS Code,

Testing Approach : Manual and Automation.

Description: Mercedes-Benz Data Collection Management System – An automotive platform designed to collect, process, and manage diagnostic and operational data from multiple Electronic Control Units (ECUs), enabling efficient vehicle monitoring, analysis, and backend integration.

Roles & Responsibilities:

- Designed and executed end-to-end automation test cases for the Mercedes-Benz Data Collection Management platform, validating data acquisition from multiple ECUs.
- Automated API testing using Rest Assured and Postman to verify data exchange between vehicle ECUs and backend services.
- Developed and maintained functional, regression, and integration test suites using Selenium WebDriver, Java, TestNG, and Cucumber BDD.
- Validated UI, API, and database interactions to ensure data integrity, system reliability, and seamless end-to-end workflow

Organization: TCS

Client: CBA

Duration: Nov 2021 to 2024

Tools Used : Selenium Web driver, Java, SpecFlow, Visual Studio, Post man, Git

Testing Approach : Manual and Automation.

Description: Comm See web Credit risk application for Business Banking CCL Auto- Decisioning Credit Bureau Information and reports.

Roles & Responsibilities:

- Performed Functional testing, Integration testing, and System testing
- Performed regression and E2E testing
- Play the role of test engineer: writing test script and executing automated tests script.
- Identify and report issues found, then verify that issues are resolved.

Education

Bachelor of Engineering (B.E.) – Information Science & Engineering

SDM Institute of Technology (SDMIT), Ujire (*Affiliated to VTU*)

Graduated: 2021
