Results-driven Senior ETL Developer with over 7 years of expertise in delivering efficient ETL solutions utilizing MS SQL Server, SSIS, and BigQuery. Proven track record of successfully managing cross-functional teams and mentoring junior developers while executing large-scale data migration and transformation projects. Skilled in designing optimized, scalable ETL pipelines and ensuring comprehensive project delivery aligned with quality standards and business objectives.

Experience

● Senior Application Development Analyst Accenture | Bengaluru, India MAY 2022 - PRESENT

- Lead the design and implementation of scalable ETL pipelines using SSIS for data integration across multiple sources into a data warehouse environment.
- Developed complex ETL processes to extract, transform, and load large datasets into Google BigQuery, optimizing queries for performance and cost-effectiveness.
- Acted as the primary point of contact for cross-functional teams, collaborating with Data Analysts, Business Intelligence teams, and stakeholders to ensure alignment with project goals.
- Ensured data quality through validation checks, error handling, and logging mechanisms within SSIS packages and BigQuery scripts.
- Optimized MS SQL Server queries and SSIS packages for improved performance and reduced load times, saving a significant amount of processing time.
- Coordinated migration of legacy systems (MS SQL Server) to modern cloud-based data environments (BigQuery), and integrated with various business intelligence tools.
- Created and updated detailed documentation to support team knowledge, and mentored junior developers while providing hands-on guidance in performance optimization, data integration, and best practices for building efficient data workflows.
- Created a basic dashboard for business purpose on Qlikview.

● PROJECT ASSOCIATE Cognizant | Kochi, India NOV 2021 – APRIL 2022

- Served as primary support engineer for Actimize solutions, leveraging SQL expertise to troubleshoot ticketed issues.
- Enhanced customer experience by quickly addressing and fixing SQL issues.
- Collaborated with the development team to implement fixes and improvements in the Actimize system, often focusing on optimizing SQL queries, and enhancing system performance.
- Delivered timely solutions to the tickets raised, maintaining a high level of customer satisfaction, and service reliability.

ETL DEVELOPER

● Guidehouse | Trivandrum, India AUG 2018 - OCT 2021

- Developing a Python executable for creating reports.
- Creating some complex stored procedures to get the reports from SQL Server, which were executed by the Python script.
- Getting those results from SQL Server to an Excel sheet, and generating the report and some charts, which was achieved with the help of a VB script.
- Created schema objects, including tables, indexes, functions, stored procedures, and views. Designed SSIS packages to transfer data from Excel files to SQL Server.

- Created a script task to validate the input columns and data.
- Extensively used SSIS transformations such as Lookup, Derived Column, Data Conversion, Conditional Split, Fuzzy Lookup, etc.
- Created a VBA script to automate the process of formatting the reports to a preferred template by the customer.

Education

- **Bachelor of Technology | Computer Science And Engineering**
College of Engineering, Attingal, Kerala
JUNE 2018
- **HIGHER SECONDARY**
Kendriya Vidyalaya 39GTC Varanasi Cantt., UP
APRIL 2014

Skills

- **Technical Support and Troubleshooting:** SQL Query Optimization, Ticket Resolution, Actimize Platform Support
- **ETL Development and Integration:** SSIS, BigQuery, Data Pipelines
- **Cloud Platforms:** Google Cloud, Azure
- **Programming and Scripting:** Python, T-SQL, SQL
- **Version Control:** Git, Azure DevOps Server
- **Communication:** Stakeholder Engagement, Requirements Gathering, Technical Documentation
- **Leadership and Project Management:** Team Leadership, Agile Methodologies

Certification

- DP 900 | – Azure Data Fundamentals |
DP 203 - Azure Data Engineer Associate

Language

- English
- Hindi
- Malayalam
