

GAURAV AGRAWAL

Senior Data Engineer | Associate Consultant

Bangalore, Karnataka | +91 8305037411 | gauravagrawal491@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Experienced data professional with **8.3+ years** in ETL development, data modeling, and database management. Proven expertise in SQL, SSIS, and cloud technologies with a track record of delivering impactful solutions across Banking, Retail, and Healthcare domains. Currently an Associate Consultant at GlobalLogic, leading a team of 4 on healthcare data initiatives while driving core ETL development. Demonstrated ability to automate processes, execute complex projects on schedule, and translate business concepts into actionable data strategies.

TECHNICAL SKILLS

Databases: T-SQL, PL/SQL, SQL Server, Azure SQL
ETL & Data Tools: SSIS, Azure Data Factory, Power BI, SSRS
Specializations: Performance Optimization, Data Modeling, ETL Development
Platforms & Methodologies: Azure Cloud, Agile/Scrum, Data Quality & Validation

PROFESSIONAL EXPERIENCE

Associate Consultant

GlobalLogic Pvt Ltd, Bangalore | Feb 2025 – Present

Leading a team of 4 professionals on healthcare data solutions, driving execution and delivery of critical data initiatives while maintaining highest quality standards.

Designing and implementing core ETL solutions using SSIS and SQL Server for healthcare enterprise-scale data processing and compliance.

Automated 10+ manual healthcare reporting processes, reducing operational overhead and improving efficiency across clinical and operational pipelines.

Delivered 5+ complex healthcare data projects on schedule, ensuring seamless integration with business requirements and stakeholder satisfaction.

Optimizing SQL queries and SSIS job performance to handle large-scale healthcare data volumes while maintaining HIPAA compliance standards.

Collaborating with cross-functional healthcare teams to translate clinical and business needs into robust data architecture and solutions.

Senior Data Engineer

LTIMindtree Pvt Ltd, Bangalore | Jun 2022 – Feb 2025

Contributed to a leading USA-based bank's ETL infrastructure, consistently implementing robust and scalable solutions.

Executed performance optimization initiatives on SSIS jobs and SQL queries, significantly improving job execution times and resource utilization.

Led a high-performing team through a seamless data center migration, ensuring successful integration and zero-downtime data transition.

Automated 50+ reporting processes by customizing and managing reports to meet customer requirements, delivering \$6,000 in cost savings.

Designed and implemented complex Splunk dashboard infrastructure that generated \$48,000 in annual savings through improved monitoring.

Ensured enterprise-level data quality through comprehensive testing, validation, and continuous monitoring protocols.

IT Analyst

Tata Consultancy Services, Chennai | Apr 2021 – May 2022

Developed complex SSIS packages, SQL stored procedures, and functions; deployed and managed daily jobs on SQL servers.

Led data migration initiative, transferring clean data from legacy systems to cloud environments with zero data loss.

Resolved 500+ customer queries through ticketing system, delivering proactive support and achieving project completion ahead of schedule.

Collaborated with cross-functional teams to design and implement SSIS best practices and data integration solutions.

System Engineer

Tata Consultancy Services, Chennai | Apr 2018 – Mar 2021

Developed and maintained complex SSIS packages for efficient data extraction, transformation, and loading across multiple environments.

Ensured seamless system integration and data flow, supporting enterprise-level reporting and business intelligence operations.

Resolved production support tickets with 99%+ first-contact resolution rate, minimizing system downtime and maintaining customer satisfaction.

Monitored system performance and implemented proactive troubleshooting measures, reducing production incidents by 25%.

Managed account-level activities, collaborating with stakeholders and clients to align solutions with business objectives.

EDUCATION

B.E. Computer Science & Engineering ACTS-RGPV, Satna | 2013–2017 | GPA: 7.3/10
