

CHRISTOPHER MOSES

☎ 8310092042 | ✉ christophermoses82@gmail.com | Bengaluru, India

Governance, Risk and Compliance (GRC) professional with **15+ years of experience** across **enterprise risk management, ISO 27001 governance, Third-Party Risk Management (TPRM), and audit readiness** in large-scale enterprise and consulting environments. Proven ability to lead risk assessments, manage compliance programs, oversee vendor risk, and support internal and external audits. Strong stakeholder engagement skills with hands-on experience strengthening security governance and risk posture across global client accounts.

- Leading and supporting **Governance, Risk & Compliance (GRC), enterprise risk management, and compliance programs** across multiple large-scale enterprise client accounts.
- Extensive experience conducting **risk assessments, information security reviews, and ISO/IEC 27001 control validations**, identifying control gaps and driving effective risk mitigation strategies.
- Proven experience owning and executing **Third-Party Risk Management (TPRM)** programs, including vendor risk assessments, security questionnaire analysis, evidence validation, risk acceptance, and remediation tracking.
- Strong background in **security policy governance**, including policy development, periodic reviews, exception handling, and alignment with organizational and client security standards.
- Hands-on experience performing **server security gap assessments, access reviews, and configuration validations**, while maintaining **risk registers, risk acknowledgement and risk treatment plans** in coordination with delivery and infrastructure teams.
- Trusted advisor providing **information security governance, compliance, and risk advisory support** to senior business and technical stakeholders.
