CAREER OBJECTIVE

Results-driven Cybersecurity Architect with 7 years of experience leading diverse Information Security Projects. I am a ISACA CISM Certified followed by Google Project Management Professional (PMP) Certified. Skilled and Technically Proficient with Information Security Management, Incident Management, IT Risk Management, Corporate Governance of Informational Technology. Potential enough to maintain positive attitude in the phase of changes in work assignments or conditions and zeal to leverage my skills to grow along with the company while being resourceful, innovative, and flexible.

ABILITIES

- Information/Embedded Cybersecurity (ISO/SAE 21434), Linux/QNX, ISMS (ISO/IEC 27001), ISO 42001, ICS (IEC 62443), Jira Development
- Third Party Risk Management, Endpoint Security, Android Security, OWASP Top 10(Web/Mobile/IOT/LLM), MS Office 365.
- Good Communication skill (written & verbal), Interpersonal skills and Leadership qualities.
- Open to new technologies, Well Planned & Organized, Self-Starter & Ability to Research on own, Quick learner with good Time Management skills, Team player and can be molded to fit into any position. Carry Strong Analytical, Logical, Technical, Problem-solving and Multi-tasking skills with Active and Optimistic Outlook, Ability to deal with people in different scenarios.

WORK EXPERIENCE

- **Senior IT Cybersecurity Engineer** *Chevron ENGINE* *Bangalore, India*
10/2025 – 07/2026
- **Cyber Security Architect/Technical Project Management** *Mercedes Benz Research and Development India* *Bangalore, India*
06/2023 – 10/2025
- **Engineer – Endpoint Security** *Sophos Technologies Pvt. Ltd* *Bangalore, India*
07/2021 – 03/2023
- **Engineer – Information Security/Endpoint Management** *AGC Networks Ltd* *Bangalore, India*
07/2019 – 07/2021

CERTIFICATIONS

- **ISACA Certified Information Security Manager (CISM)**
- **Google Certified Project Management Professional (PMP)**
- **Certified Cloud Security Engineer (CCSE)** from ECCouncil
- **ISO21434 Automotive Cybersecurity Standards, CSMS Audit and Risk Management, SAFe Advanced Scrum Master**
- **Certified Ethical Hacker (CEH)** from ECCouncil and **Network Security Associate (NSE1, NSE2, NSE3)**
- **Sophos Threat Response and Sophos eXtended Detection and Response Certified Admin, Trend Micro Hybrid Cloud Security Essentials**

RESPONSIBILITIES: -

Chevron Engine

- Provide security consulting by reviewing vendor artifacts (SOC 2 Type 2, DAST) and ensuring applications adhere to Secure-by-Design standards. To perform enterprise security guardrail assessments to evaluate system compliance with established security standards and organizational risk appetite.
- Lead risk identification and control gap analysis during security feature design, development, and deployment initiatives. Provide risk-based recommendations during security feature design and deployment initiatives to engineering and business stakeholders to ensure secure implementation of technical controls.
- Oversee implementation validation of security features, ensuring alignment with enterprise security architecture and regulatory requirements. Contribute to continuous improvement of the information security program through control enhancement and governance alignment.

Mercedes Benz Research and Development India

- Directed Enterprise-wide TPRM and supplier risk programs, implementing policies, procedures, and operational controls, evaluating Supplier risk profiles, assigning risk ratings, and driving remediation plans using ServiceNow, ensuring alignment with ISO27001, GDPR, and regulatory compliance standards.
- Secure by Design strategies for AI/ML Workloads, LLMs by applying OWASP Top 10 LLM standards to secure data pipelines, models, and conversational AI workloads and multi-cloud environments (AWS, Azure, GCP), drove AI-focused threat management, risk assessment, vulnerability management, incident response aligned with ISO 42001, NIST AI RMF, MITRE ATT&CK, NIST SP 800-53 to ensure secure, compliant, and resilient AI operations.
- Led Threat Modelling (DFD, Container, Component) using Microsoft STRIDE for Information Security Projects like Car Update Service and Race Track Pro in-house applications, identifying risks and vulnerabilities aligned with ISO27001, NIST CSF, GDPR, HIPAA, PCI-DSS.
- Led cybersecurity project initiatives across Connected Vehicle platforms, managing threat analysis, risk assessment, and architecture reviews for ECUs, cloud APIs, and In-car Android apps. Oversaw cybersecurity concept development, penetration testing activities, and CVSS-based vulnerability triage.
- Drove connected vehicle cybersecurity programs (Mercedes Me Connect) overseeing end-to-end security from chip

to cloud by performing security profiling and ensuring secure delivery of embedded and mobile app features. Collaborated cross-functionally to improve cryptographic specifications and mitigate malware risks. Ensured timely delivery of security milestones aligned with ISO 21434 standards.

- Led SOC 1 Type I audit readiness by designing and documenting security controls and policies to achieve point-in-time compliance certification. Orchestrated SOC 2 Type II audit readiness including policy documentation, evidence management, and auditor coordination culminating in successful certification with no exceptions.

Sophos Technologies Pvt Ltd

- Configured, Managed and Troubleshoot Sophos EDR/XDR solutions across Windows, MacOS, Linux by performing security investigation focusing on endpoint threat detection such as malwares, trojans and ransomwares coordinating cross-functional teams for RCA and mitigation planning.
- Managed threat alerts and shared timely threat intelligence to support Rapid Response. Performed in-depth analysis of threat signatures followed by threat hunting in Sophos Central Dashboard. and tuned EDR/XDR settings in Sophos Intercept X, including deep learning AI, exploit prevention, and ransomware protection, to strengthen endpoint security
- Performed in-depth analysis of security alerts using Sophos Central dashboard followed by analysis of logs collected from Sophos Intercept X installed endpoints and servers, proactively identifying threats to ensure secure and reliable product delivery.

AGC Networks Ltd

- Led and managed application and network security assessment projects ensuring alignment with OWASP Top 10 Web and Mobile, ISO27001, and IEC 62443 standards. Led Third-Party Risk Management initiatives across OT/IT environments, conducting risk assessment, continuous monitoring to ensure compliance aligned with ISMS, ISO 27001, GDPR, SOX, IT audit frameworks like CISA and CRISC while developing remediation plans and corrective actions to mitigate identified supplier risks.
- Oversaw planning and execution of automated vulnerability scans and penetration tests, managing remediation workflows and cross-team coordination. Directed security validation for web and Android applications, addressing critical flaws such as XSS, IDOR, and SQL injection. Collaborated with development teams to track vulnerability patching and documented assessment results with risk impact and mitigation strategies.

TECHNICAL SKILLS

- Security Architecture: TARA Web Tool, Microsoft Threat Modelling Tool (STRIDE), NIST CSF, NIST AI RMF, NIST SP 800-53
- Endpoint Security Solutions: Trend Micro (AV, IDS/IPS), Sophos (AV, DLP), CrowdStrike Falcon
- Data Security Compliances: GDPR, PCI-DSS, HIPAA, Cryptographic Standards: Encryption, Hashing, Digital certificates.
- DAST/SAST: Nessus, Burpsuite, Qualys, Nmap, Wireshark, Netcat, Covertly
- Penetration Testing Tools: Metasploit, Msfvenom, Cvedetails.com, Nvd.nist.gov, OSINT, Who.is, Shodan.io, Abuseipd.com, Cookie Editors.
- Operation System: Windows Family, Kali Linux, ParrotSec, Metasploitable Framework, Genymotion.
- Defect/Test Tracking Tool: JIRA Development/ServiceNow, Python Programming related to Ethical Hacking (Basics)

ACHIEVEMENTS

- 2024-08 – Invitation Letter from Mercedes-Benz AG, Sindelfingen, Germany
 - ➔ International Travel: Cybersecurity Project Meetings in Sindelfingen, Germany provided all expenses born by the company
- 2019-08 - Invitation Letter from Trend Micro (Singapore) Pte Ltd, specialized in the development and marketing of computer software products including networking, anti-virus, and security products to attend Certification program in I.T Security meetings and Trend Micro Product Marketing.
 - ➔ International Travel: Attended Trend Micro Product Marketing Event in Singapore provided all expenses born by the company
- 2019-03 - Certification Program in IT Security (CPITS) 2019 Intern at Trend Micro Pvt Ltd
 - ➔ A milestone to begin career in security domain
 - 2018-07 - Web Developer Intern at Epson India Pvt Ltd
 - ➔ As a student it gave me a good exposure to the professional corporate work environment.
- 2018-05 - Google I/O 2018 Extended Bangalore, conducted by KSSEM
 - ➔ Developed interest in Networking innovations done by google such as liquid pooling concept TPUs in Google Data Centers drive me towards Networks & Security domains.
- 2017-09 - Attended coding workshop in C and certified by Subhash Programming Classes.
- 2017-2019 – Completed mini and major projects during engineering related to curriculum
- 2010-2013 - Event organizer in school annual day functions, played a role of School Representative and headed students' union in school.

EDUCATIONAL BACKGROUND

- B.E (Computer Science) Engineering – 2019 from M.S Engineering college, Bengaluru, Visvesvaraya Technological University (VTU) BELGAUM with Aggregate (approx. of 8 semesters) = 66.11%, CGPA = 7.09
- 12th Standard – 2015 from MES PU College, Malleswaram, Bengaluru, Karnataka 560003 with Aggregate 65.33%
- 10th Standard – 2013 from Sri Vinayaka Vidya Kendra, Bengaluru, Karnataka 560092 with Aggregate 93.76%

PERSONAL DETAILS

- **Date of Birth:** 30-07-1997 || **Languages Known:** English, Kannada, Telugu, Hindi || **Address:** Vidyanarayapura, Bangalore - 560097

DECLARATION

I hereby declare that the given particulars are true to the best of my knowledge and belief. Being the person with the determination to succeed, I am sure that I will put my heart and soul to achieve the task provided to me and strive harder to the continuous growth of the organization.

ANUSHA. V
