1. Executive summary

This document presents a comprehensive assessment of the existing Hindu Marriage Registration process and Special Marriage (Intended Marriage / Other Forms) notice and registration processes, covering both online and offline service channels. It identifies key operational, procedural, and user experience challenges currently impacting applicants and Sub-Registrar offices.

Based on the analysis of the current state, the document proposes an enhanced future-state workflow aimed at improving accessibility, efficiency, transparency and service delivery. In addition, it defines the functional and non-functional requirements, outlines the data requirements required for effective implementation and management, and provides a reference to a detailed traceability matrix to ensure alignment between business objectives, requirements and solution deliverables.

The proposed approach is intended to streamline marriage registration services, reduce manual effort, enhance compliance, and establish a scalable foundation for future digital transformation initiatives.

2. Scope

- Hindu Marriage registration — Online and Offline channels.
- Special Marriage — Intended Marriage: notice generation (Online & Offline), objection period, solemnization and registration.
- Special Marriage — Other Forms: notice generation (Online & Offline), objection handling and registration.
- Citizen portal and SRO desk workflows: apply, pay fee, scrutiny, approve/reject, register, and issue certificate.
- Null and Void endorsement of a registered marriage on court order.
- Integrations: payment, Aadhaar/e-KYC, DigiLocker, SMS, e-Mail, Kutumba, Civil Registration System, Labor Department, and Sakala.
- Bilingual UI (English + Kannada); audit trail, role-based access, and MIS/reporting.

vii. Sakala — Karnataka Guarantee of Services

Source: 3.i (Karnataka Act 1 of 2012); 3.ii.3 (selected sections); 3.iii.3 (Rules, 2012); Sakala Mission portal — <https://sakala.kar.nic.in/>. Marriage registration services offered through the Department of Stamps and Registration are notified Sakala services. Every eligible application shall receive a Guarantee of Services to Citizen (GSC) number so citizens can track status, receive time-bound service and file appeals (Appeal-I / Appeal-II) when service is delayed or rejected.

Notified marriage-related Sakala services (department baseline — confirm codes with Sakala Mission during integration design):

- Hindu Marriage registration (online filing) — GSC issued on successful fee payment; statutory service timeline commences from payment date (typically 1 working day for certificate delivery after payment, per department practice).
- Special Marriage — Intended Marriage notice and registration.
- Special Marriage — Other Forms notice and registration.

Kaveri 3.0 shall integrate with the Sakala platform per NIC / Sakala Mission approved web methods for GSC registration, status updates (acceptance, in-process, delivered, rejected), party-detail upload and orphan-settle retry — see 8.7 and 11. (FRS and NFR document)

7. Future state (To-Be)

The Marriage Registration To-Be model is organized by service. Each service documents its Channel models, Process Diagram (Common intake steps, Online and/or Offline (In Person) flows) and Application Status Model. The module covers Hindu Marriage (Online / Offline) and Special Marriage notice generation (Intended Marriage and Other Forms share one workflow) followed by marriage registration (shared workflow with path-specific timeline and certificate-schedule branches). Notice channels are initiated through the citizen portal; registration is completed In Person at the Sub-Registrar office.

i. Hindu Marriage

a. Channel models

Hindu Marriage supports Online and Offline (In Person) channels. Channel is selected before prerequisites and drives subsequent screens, payment timing and office tasks.

Service Type	Online Activities	Office Activities	Mode
Hindu Marriage Online	Registration, e-KYC / Face Authentication (Bride), eSign, Payment (post-approval), Tracking	Verification, DSC	Online
Hindu Marriage Offline	Registration, Payment, Appointment Booking, Printout	SR Stage 1, SR→DEO allocation, Form upload, SR Stage 2, DSC	Offline

b. Process Diagram

A. Common intake steps

Identical in both Hindu Marriage diagrams (Citizens and System lanes):

1. START — citizen initiates the service.
2. LogOn to Portal — authenticated citizen session.
3. Start a new Application.
4. Marriage Registration — citizen selects the marriage registration service.
5. Select channel: Hindu Marriage Online / Hindu Marriage Offline. Channel is chosen before prerequisites.
6. Read and continue with Prerequisite for marriage and complete declaration — single combined acknowledgement screen (eligibility,

documents, channel implications and statutory declarations). SR rejection of the notice application returns here for correction and resubmission.

7. Enter / capture Marriage details, Bride details, Bridegroom details, Witness details — persisted to the application record. Online channel: e-KYC / Face Authentication on Bride details (see 7.i.b.B). Offline channel: whether Aadhaar information is available — if yes, e-KYC / Face Authentication on Bride & Bridegroom details; if no, manual data entry (see 7.i.b.C). This step is the re-entry point for SR rejection loops that return to citizen data entry in both diagrams.

B. Online

Figure: Hindu Marriage Online process

Flow (continuing from 7.i.b.A step 7 — Online-specific steps):

#	Step	Lane	Notes
7	Capture marriage / e-KYC / Face Authentication/Face Authentication on Bride details / Bridegroom / 3 witness details	System / Citizen	Per Online diagram: e-KYC / Face Authentication applied on Bride details during capture (Bridegroom e-KYC / Face Authentication)
8	Select Sub-Registrar office and review summary of updated information	System / Citizen	Jurisdiction routing

9	Submit Form I (Memorandum) and Form IA (Application)	System / Citizen	Form I & Form IA generated for the selected office
10	Proceed with eSign	System / Citizen	Citizen eSign on Form I and Form IA
11	SR Verification (decision)	Sub Registrar	Approve or Reject
11a	Reject → return to Enter Marriage / Bride / Bridegroom / Witness details	Sub Registrar → System	Citizen corrects and resubmits; refusal reason recorded
12	Proceed for Online Payment	System / Citizen	Payment occurs only after SR approval
13	SR Digitally signs	Sub Registrar	DSC applied
14	Form II endorsement applied; marriage certificate (Form II-A) generated	Sub Registrar / System	Form II endorsement (Rule 4(4)) then Form II-A available for download

Key characteristics: channel before combined prerequisite+declaration; e-KYC / Face Authentication on Bride details during capture; office selection + summary; Form I & Form IA + eSign; SR digital signature applies Form II endorsement and issues Form II-A certificate; no printout, no appointment, no DEO; single SR verification; payment only after SR approval; fully digital signature chain.

C. Offline (In Person)

Figure: Hindu Marriage Offline process

Flow (continuing from 7.i.b.A step 7 — Offline-specific steps):

#	Step	Lane	Notes
7	Whether Aadhaar information available? If Yes → e-KYC / Face Authentication on Bride & Bridegroom details; else Enter Bride & Bridegroom details (manual)	System / Citizen	Per Offline diagram (Aadhaar YES/NO branch); witness details captured with party particulars
8	SR Verification — Stage 1 (decision) on captured application data	Sub Registrar	Approve or Reject
8a	Reject → return to Enter Marriage / Bride / Bridegroom / Witness details	Sub Registrar → System	Citizen corrects and resubmits
9	Makes Payment and schedule appointment	System / Citizen	Payment and slot booking in one step, after Stage 1 approval
10	Printout taken on Form I, Form IA, Form II (blank endorsement) and Form II-A	System / Citizen	Citizen prints the statutory forms per Karnataka Hindu Marriage forms
11	SR allocates to DEO	Sub Registrar	Explicit allocation step per updated Offline diagram before DEO upload
12	Parties and witnesses sign physically; citizen attends the SRO on the appointment date	Citizen (offline activity)	Not a system step; precondition for DEO upload
13	Check the form on signature and uploads on portal	Data Entry Operator	DEO verifies signatures are present/complete, scans and uploads
14	SR Verification — Stage 2 (decision) on the uploaded signed forms	Sub Registrar	Approve or Reject
14a	Reject → return to DEO check / upload step	Sub Registrar → DEO	Re-check or re-upload; does not go back to citizen data entry
15	SR Digitally Signs	Sub Registrar	DSC applied
16	Marriage certificate Issued	Sub Registrar / System	Form II-A issued

Key characteristics: channel before combined prerequisite+declaration; whether Aadhaar available — e-KYC / Face Authentication on Bride & Bridegroom or manual data entry (Aadhaar YES/NO branch); SR Verification Stage 1 on captured data before payment; payment + appointment bundled; printout of Form I, Form IA, Form II (blank endorsement) & Form II-A; SR allocates to DEO; DEO signature check and upload; SR Verification Stage 2 on uploaded signed forms (reject returns to DEO); SR DSC applies Form II endorsement then certificate.

D. Application Status Model

Channel-aware application statuses for Hindu Marriage Online and Offline:

Status	Description	Actor	Next states
Draft	Saved not submitted	Citizen	Channel selected
Channel selected	Online or Offline chosen (before prerequisites)	Citizen	Prerequisite & declaration completed
Prerequisite & declaration completed	Combined prerequisite + declaration acknowledged	Citizen	Details captured
Details captured	Marriage / bride / bridegroom / witness details saved (Online: e-KYC / Face Authentication on Bride details; Offline: e-KYC / Face Authentication on Bride & Bridegroom when Aadhaar available, else manual)	Citizen	Office selected (Online) / Pending SR verification Stage 1 (Offline)
Office selected & summary reviewed	SRO office chosen, summary confirmed	Citizen	Form I & Form IA submitted
Form I & Form IA submitted	Form I (Memorandum) and Form IA submitted	Citizen	eSign pending
eSign pending	Awaiting citizen eSign	Citizen	Pending SR verification
Pending SR verification	Awaiting SR scrutiny	SR	Approved for payment / Rejected — data
Rejected — data correction	Sent back to citizen data entry	SR	Details captured
Approved for payment	SR approved; fee payable	SR	Payment completed
Payment completed	Fee paid, receipt issued	System	Pending SR digital signature (Online) / Appointment scheduled (Offline)
Appointment scheduled	SRO visit slot booked	Citizen	Forms printed
Forms printed	Form printout taken	Citizen	Allocated to DEO
Allocated to DEO	SR has allocated the application to a DEO	SR	Awaiting signed-form upload
Awaiting signed-form upload	Physically signed forms pending at SRO	Citizen / DEO	Signed forms uploaded

Signed forms uploaded	DEO checked signatures and uploaded	DEO	Pending SR verification — Stage 2
Pending SR verification — Stage 2	Awaiting SR scrutiny of signed forms	SR	Pending SR digital signature / Rejected — upload
Rejected — upload	Sent back to DEO for re-check / re-upload	SR	Signed forms uploaded
Pending SR digital signature	Awaiting DSC	SR	Registered
Registered	Serial / page / volume assigned, Form II endorsed	SR	Certificate issued
Certificate issued	Form II-A Generated / downloadable	System	Closed
Closed	No further action	System	—

ii. Special Marriage Notice Generation (Intended Marriage / Other Forms)

Intended Marriage (Chapter II) and Other Forms (Chapter III) share a single notice-generation workflow. After Marriage Registration the citizen answers Whether Marriage already taken place or not?: No routes to Special Marriage (Intended Marriage Notice); Yes routes to Special Marriage (Other Forms Notice) and then Enter Marriage Details (date, place and form / rites of the already celebrated ceremony) before Prerequisite. Both paths then share Prerequisite; party capture (Online: mandatory e-KYC / Face Authentication; Offline: Aadhaar YES/NO branch or manual); Online or Offline publication; first payment; eSign / notice-board and the 30-day countdown.

a. Channel models

Notice generation supports Online and Offline (In Person) channels for both Intended Marriage and Other Forms. The selected notice channel drives publication mode (portal vs notice board) and office tasks. Service path (Intended Marriage vs Other Forms) is decided by Whether Marriage already taken place or not? immediately after Marriage Registration; Other Forms additionally captures marriage details before Prerequisite.

Service Type	Online Activities	Office Activities	Mode
Special Marriage Notice — Online (Intended Marriage / Other Forms)	e-KYC / Face Authentication bride & bridegroom, document upload (incl. photos), First Payment, portal notice, eSign	SR verification; System notice generation (no DEO / appointment)	Online notice
Special Marriage Notice — Offline	Capture details (e-KYC / Face	SR verification, notice generation, DEO	Offline notice

(Intended Marriage / Other Forms)	Authentication when Aadhaar available, else manual), document upload, First Payment, appointment	photo/print/sign/scan/upload, paste on notice board	
-----------------------------------	--	---	--

b. Process Diagram

A. Common intake steps

Identical in both notice diagrams (Citizens and System lanes). Intended Marriage and Other Forms share these steps through Prerequisite (step 7); the path decision and Other Forms Enter Marriage Details branch are in steps 5–6. Party capture continues per the Online (7.ii.b.B) or Offline (7.ii.b.C) notice diagram:

1. START — citizen initiates the service.
2. LogOn to Portal — authenticated citizen session.
3. Start a new Application.
4. Marriage Registration — citizen selects the marriage registration service.
5. Whether Marriage already taken place or not? — No: Special Marriage (Intended Marriage Notice); Yes: Special Marriage (Other Forms Notice). Online vs Offline is the selected notice channel (separate diagrams 7.ii.b.B / 7.ii.b.C). Marriage Registration (certificate) is initiated later by selecting an approved notice (see 7.iii).
6. If Other Forms (Yes): Enter Marriage Details — date, place and form / rites of the already celebrated ceremony (not required for Intended Marriage). Both paths then continue to Prerequisite.
7. Read and continue with Prerequisite for marriage and complete declaration — single combined acknowledgement screen (eligibility, documents, channel implications and statutory declarations). SR rejection of the notice application returns here for correction and resubmission.

B. Online

Figure: Special Marriage (Intended Marriage/Other Forms) Notice Generation — Online

Flow (continuing from 7.ii.b.A step 7 — Online notice-specific steps; shared by Intended Marriage and Other Forms):

#	Step	Lane	Notes
8	e-KYC / Face Authentication on Bride & Bridegroom details	System / Citizen	Continues from 7.ii.b.A step 7; mandatory on Online notice diagram (no manual path)
9	Review summary and proceed document uploading	System / Citizen	Summary of captured particulars
10	Upload Identity Proof, Photo, Age Proof, Address Proof (Bridegroom & Bride)	Citizen	Mandatory supporting documents including individual photographs
11	SR Verification (decision)	Sub Registrar	Approve or Reject
11a	Reject → return to Prerequisite & declaration	Sub Registrar → Citizen	Citizen corrects and resubmits (diagram returns to Prerequisite)
12	First Payment	System / Citizen	Notice fee per Karnataka Special Marriage fee schedule
13	Notice Generated	System	Statutory notice generated after first payment (no Online DEO / appointment)
14	Proceed with e-sign	Citizen	Citizen eSign on the generated notice before portal publication
15	Marriage notice displayed in portal	System	Sec. 6 publication (digital); follows e-sign per Online notice diagram
16	30-day countdown starts	System	Objection period per Sec. 7 / Sec. 16 from publication / portal display

Key characteristics (both paths): after the Whether Marriage already taken place or not? branch (Other Forms: Enter Marriage Details before Prerequisite), mandatory e-KYC / Face Authentication on Bride & Bridegroom; document upload including individual photos; SR verification before First Payment; System generates notice after payment; citizen e-sign on the generated notice; then Marriage notice displayed in portal; no Online appointment or DEO; 30-day countdown from publication (Sec. 7 / Sec. 16).

C. Offline (In Person)

Figure: Special Marriage (Intended Marriage/Other Forms) Notice Generation — Offline

Flow (continuing from 7.ii.b.A step 7 — Offline notice-specific steps; shared by Intended Marriage and Other Forms):

#	Step	Lane	Notes
8	If Aadhaar available → e-KYC / Face Authentication on Bride & Bridegroom details; else Enter Bride & Bridegroom details	System / Citizen	Continues from 7.ii.b.A step 7; per Offline notice diagram (Aadhaar YES/NO branch)
9	Review summary and proceed document uploading	System / Citizen	Summary of captured particulars
10	Upload Identity / Age / Address proofs (Bridegroom & Bride)	Citizen	Mandatory documents (individual photos captured later by DEO at office)
11	SR Verification (decision)	Sub Registrar	Approve or Reject
11a	Reject → return to Prerequisite & declaration	Sub Registrar → Citizen	Citizen corrects and resubmits (diagram returns to Prerequisite)
12	First Payment	System / Citizen	Notice fee

13	Schedule appointment with SR	System / Citizen	After first payment
14	SR Generates Notice	Sub Registrar	Statutory notice generation
15	Selects DEO	Sub Registrar	Assign FDA/SDA/DEO
16	Capture individual photos of Bride & Bridegroom	FDA / SDA / DEO	Office visit activity
17	Download, Print, Sign, Scan and Upload notice	FDA / SDA / DEO	Physical notice processed into system
18	Paste form on respective Notice Board	FDA / SDA / DEO	Sec. 6(2) conspicuous place publication; also drives portal display
19	30-day countdown starts	System	Objection period per Sec. 7 / Sec. 16

Key characteristics (both paths): after the Whether Marriage already taken place or not? branch (Other Forms: Enter Marriage Details before Prerequisite), Aadhaar YES (e-KYC / Face Authentication) / NO (manual) capture; SR verification → First Payment → appointment; SR generates notice & selects DEO; individual photo capture; physical notice-board paste (Sec. 6(2)) with portal display; 30-day countdown. SR rejection returns to Prerequisite & declaration.

D. Application Status Model

Application statuses for Special Marriage Notice Generation (Online / Offline; Intended Marriage and Other Forms):

Status	Description	Actor	Next states
Draft	Saved not submitted	Citizen	Channel selected
Channel selected	Online or Offline notice channel chosen (before prerequisites)	Citizen	Prerequisite & declaration completed
Prerequisite & declaration completed	Combined prerequisite + declaration acknowledged	Citizen	Details captured
Details captured	Online: bride / bridegroom particulars saved via mandatory e-KYC / Face Authentication. Offline: e-KYC / Face Authentication where Aadhaar available, else manual entry. Other Forms only: marriage	Citizen	Notice application submitted

	details already saved at path selection (before Prerequisite)		
Notice application submitted	Special Marriage notice application submitted for SR scrutiny (documents and particulars complete; Online citizen eSign of the statutory notice occurs after Notice Generated — see Notice generated / Notice published)	Citizen	Pending SR verification — notice
Pending SR verification — notice	Awaiting Marriage Officer scrutiny of the notice application	SR	Notice approved / Rejected — notice data
Rejected — notice data	Returned to citizen for correction; flow returns to Prerequisite & declaration per notice diagrams	SR	Prerequisite & declaration completed
Notice approved	SR approved; first payment payable	SR	First payment completed
First payment completed	Notice fee paid, receipt issued	System	Notice generated
Notice generated	Statutory notice generated and entered in the Marriage Notice Book. Online: citizen eSign is performed on the generated notice before portal display	SR	Notice published (after Online e-sign where applicable)
Notice published	Published on portal after Online e-sign, or pasted on notice board after DEO upload (Offline); publication timestamp starts the countdown	System / DEO	Objection period running
Objection period running	30-day statutory countdown in progress	System	Notice valid for registration / Objection filed

Objection filed	Objection recorded in the Marriage Notice Book	Public / SR	Under objection enquiry
Under objection enquiry	SR enquiry by summoning parties (decide within 30 days)	SR	Objected — closed / Notice valid for registration
Objected — closed	Objection upheld; notice removed from portal and tagged Objected	SR	Closed
Notice valid for registration	Path-specific: Intended Marriage — notice ≥ 30 and ≤ 90 days with no valid objection; Other Forms — notice ≥ 30 days with no valid objection	Citizen	Proceed to Marriage Registration (see 7.iii)
Notice expired	Validity window lapsed; fresh notice required	System	Closed
Closed	No further action	System	—

iii. Special Marriage Marriage Registration (Intended Marriage / Other Forms)

Intended Marriage and Other Forms share a single registration workflow after notice publication. Path-specific branches: (1) timeline gate — Intended Marriage ≥ 30 and ≤ 90 days from publication; Other Forms ≥ 30 days (no ≤ 90 upper gate in the Other Forms registration diagram); (2) certificate schedule — Fourth Schedule after Chapter II solemnization vs Fifth Schedule after Chapter III registration.

a. Channel models

Marriage Registration continues from an approved / published notice after the statutory waiting period. Completion is Offline (In Person) at the Sub-Registrar office (solemnization or Chapter III registration, DEO certificate production and SR DSC). There is no separate fully-online registration channel.

Service Type	Online Activities	Office Activities	Mode
Special Marriage Marriage Registration (Intended Marriage / Other Forms)	Select approved notice (Intended: ≥ 30 & ≤ 90 days; Other Forms: ≥ 30 days), Second Payment, schedule visit, download certificate	Objection enquiry (if any), SR verification, DEO joint photo / witness / declaration / certificate, solemnization or Chapter III registration, SR DSC	Registration (In Person)

b. Process Diagram

A. Common intake steps

Portal and office steps are the same for Intended Marriage and Other Forms except the timeline gate and the certificate schedule. The process table in 7.iii.b.B is the authoritative step list; path-specific branches are in the Notes column.

B. Offline (In Person)

Figure: Special Marriage (Intended Marriage) Marriage Registration

Figure: Special Marriage Other Forms Marriage Registration

Flow (after notice publication — registration / solemnization steps; shared by Intended Marriage and Other Forms):

#	Step	Lane	Notes
1	Citizen Login portal	Citizen	Continue from published notice
2	Select Notice	Citizen	Choose approved / published notice
3	Validate timeline — Intended: ≥ 30 and ≤ 90 days (Sec. 7 / Sec. 14); Other Forms: ≥ 30 days (no ≤ 90 gate)	System	If NO → No Action allowed (path-specific gate)
4	If any Objection?	System	Branch to SR enquiry when objection exists
4a	Conduct enquiry by summoning all parties	Sub Registrar	Sec. 8–9
4b	Valid objection → update reason; Notice removal from portal (Objected)	Sub Registrar / System	Process stops for solemnization
4c	Objection invalid → continue	Sub Registrar	Proceed to Second Payment
5	Second Payment	System / Citizen	Registration / solemnization fee
6	Schedule Visit	System / Citizen	Office visit for solemnization
7	SR Verification (decision)	Sub Registrar	Approve or Reject
7a	Reject → return to Schedule Visit	Sub Registrar → System	Reschedule / correct
8	Assigns to DEO	Sub Registrar	Certificate / declaration production
9	Joint Photo capturing	FDA / SDA / DEO	
10	If Aadhaar available for Witness → e-KYC / Face Authentication Witness Details; else Enter Witness Details	FDA / SDA / DEO	Three witnesses (Sec. 11) — after joint photo
11	Generates Declaration	FDA / SDA / DEO	Third Schedule declarations
12	Sign & Upload Declaration	FDA / SDA / DEO	Signed declaration uploaded
13	Marriage solemnization (Intended, Sec. 12) / registration (Other Forms, Chapter III Sec. 15–16)	Sub Registrar	Chapter II solemnization vs Chapter III registration
14	Generate Marriage Certificate — Fourth Schedule (Intended) / Fifth Schedule (Other Forms)	FDA / SDA / DEO	Fourth Schedule Sec. 13 / Fifth Schedule Sec. 16

15	Capture signs of Bride, Bridegroom, Witness	FDA / SDA / DEO	
16	Scan signed copy	FDA / SDA / DEO	
17	Digital Signature (DSC)	Sub Registrar	
18	Marriage Certificate Issued	Citizen / System	Download from portal

Key characteristics: notice selection with path-specific timeline gate (Intended ≥ 30 and ≤ 90 ; Other Forms ≥ 30); objection enquiry branch (valid objection removes notice); Second Payment; schedule visit; SR verification; DEO joint photo then witness capture (e-KYC / Face Authentication or manual), declaration generate/sign/upload, solemnization or Chapter III registration, certificate & signatures; SR DSC; certificate issuance (Fourth or Fifth Schedule).

C. Application Status Model

Application statuses for Special Marriage Marriage Registration (Intended Marriage / Other Forms):

Status	Description	Actor	Next states
Notice valid for registration	Entry point — Intended: notice ≥ 30 and ≤ 90 days with no valid objection; Other Forms: notice ≥ 30 days with no valid objection	Citizen	Second payment completed
Second payment completed	Registration / solemnization fee paid	System	Visit scheduled
Visit scheduled	Solemnization visit (Intended) or registration visit (Other Forms) booked	Citizen	Pending SR verification — visit
Pending SR verification — visit	SR verification before solemnization	SR	Solemnized / Rejected — visit
Rejected — visit	Returned to visit scheduling with reason	SR	Visit scheduled
Solemnized	Marriage solemnized (Chapter II) or conditions satisfied for registration (Chapter III)	SR	Allocated to DEO — certificate

Allocated to DEO — certificate	Joint photo, certificate generation and signature capture	DEO	Signed certificate uploaded

iv. Marriage — Null and Void Endorsement (Court Order)

Back-office workflow triggered when a competent court passes an order declaring a registered marriage void (sec 11) or annulling a voidable marriage (Sec. 12, the Sub-Registrar records the court order and flags the existing registration as Null and Void. This workflow is initiated only on presentation of a certified court order copy — not from citizen self-service or automated eligibility checks.

a. Process steps

Offline (In Person) at the Sub-Registrar office — steps only (no process diagram):

#	Step	Lane	Notes
1	Sub-Registrar receives certified copy of court order declaring the marriage void or annulled (nullity decree)	Sub Registrar	HMA 1955 Sec. 11–12; physical or scanned copy presented at SRO office
2	Sub-Registrar searches and opens the registered marriage record in Kaveri	Sub Registrar	By registration number, party name or Form II-A certificate number
3	Sub-Registrar verifies court order particulars against the register entry (court name, case number, order date, parties)	Sub Registrar	Hard stop if parties or registration number do not match
4	Sub-Registrar uploads / scans the court order copy	Sub Registrar	Mandatory artefact; retained per records policy (Rule 10)
5	Sub-Registrar records nullity type as declared in the court order — Void (Sec. 11) or Voidable / annulled (Sec. 12)	Sub Registrar	Selection driven by court order wording

6	Sub-Registrar flags the marriage registration as Null and Void	Sub Registrar	Endorsement on register entry; supersedes prior Registered / Certificate Issued status
7	System updates register entry and certificate status	System	Form II-A marked invalid; Hindu Marriages Register shows NULL AND VOID endorsement
8	System prevents issuance of certified extracts without null/void notation	System	Any subsequent extract shall reflect the endorsement (Rule 8)
9	Audit trail recorded	System	Officer, timestamp, court order reference, prior and new status

v. What is new in Kaveri 3.0

This section summarises material enhancements in Kaveri 3.0 compared with the legacy Kaveri 2.0 Marriage Registration module (6). Capability highlights are listed below; 7.v.a maps each As-Is pain point from 6.1 to the Kaveri 3.0 closure. Cross-references point to To-Be process in this BRD (7.i–7.iv) and to functional / non-functional requirements in FRS_and_NFRS_Marriage_v1.22.docx.

#	Capability	What is new in Kaveri 3.0
1	Dual-channel services	Special Marriage Notice
2	Identity verification	Face Authentication on Online paths
7	Null and Void endorsement	SRO back-office workflow to record certified court order and flag registered Hindu marriage Null and Void (HMA 1955 Sec. 11–12)
9	Data capture and address quality	Structured party/witness capture; MDM-driven address; place of marriage in summary and reports; cross-reference search for registered marriages
10	Payments and notifications	Integrated fee payment with receipt (Form VI); resilient payment fallback; SMS and e-Mail notifications across application lifecycle
11	Integrations	Kutumba portal, Civil Registration System, Labor Department

12	UI/UX experience	Mobile-responsive bilingual UI (English + Kannada); guided step flow with Save/resume; summary review before submit and eSign

a. Rectified As-Is pain points

The following As-Is pain points from 6.1 (Kaveri 2.0 workshops, ServiceDesk tickets and department discussions) are closed in Kaveri 3.0. Cross-references point first to the To-Be process in this BRD (7.i–7.v), then to functional requirements, fallbacks or NFRs in FRS_and_NFRS_Marriage_v1.22.docx that implement the fix.

Sr.No	Pain Point (As-Is)	How rectified in Kaveri 3.0
1	Not mobile-friendly	Mobile-responsive bilingual UI; guided step flow usable on phone browsers
2	Incorrect address on certificate	Structured party address capture without erroneous sub-district on Form II-A
3	Complex area/village selection	MDM-driven jurisdiction / area selection with simplified routing
4	Restrictive document upload rules	Relaxed size/dimension rules with clear validation messages for supporting documents
5	Missing Save action for Witness 3	Witness capture supports Save for all three witnesses before submission
6	Edit does not return to correct step	Edit from in-progress application resumes at the correct channel-aware status step
7	Documents not visible during scrutiny	SRO scrutiny view shows all uploaded supporting documents with the application
8	No edit flexibility before payment	Citizen may navigate back and edit captured data until sub-registrar approval for payment
9	No processing priority order	FIFO / priority handling for officer queues
10	Password-protected uploads not handled	Clear reject/retry for password-protected documents (FB-MRG-003)
11	Limited notification channels	Lifecycle notifications via both SMS and e-Mail
12	No operational dashboard visibility	MIS / dashboard for daily registrations, pendency and officer workload
13	Wrong DEO allocation and no reassignment	SR allocates to DEO; officers can reassign without Service Desk
14	Notice workflow state errors	Channel-aware notice / registration status model; post-period actions gated correctly

15	Blank challan / verify-challan loop	Integrated payment with receipt and resilient payment fallback
16	Stuck on summary page — cannot go to next step	Summary review then proceed / eSign with explicit next-step navigation
17	DOB and party details not reflecting	Party particulars (including DOB) persist and display on summary, forms and certificate
18	Place of marriage missing in summary/report	Place of marriage captured once and shown on summary, forms and MIS
19	Cross-reference to registered marriage missing	Search / cross-reference to registered marriage records (post-registration)
20	Signatures missing on digitally signed certificate	Bride, bridegroom and witness signatures rendered on DSC-signed certificate
21	Notice number and notice date not displaying	Notice number and notice date shown after generation / publication
